

SOUTH COAST NATIONALS

Times have changed

*They may have made it impossible to hold driving events
But there's no way we are going to stop us holding the event.*

This unique event attracts a diverse range of vehicles & people who all seem to get along, there are not to many events were a historic car will be sitting alongside a drag car or a rat rod next to a 4 cly that's entered in the sound off, were a guy who's personal interest is his Harley will be looking over a Kenworth truck, most people seem to respect & show an interest in each others type of vehicle at this event which is something that makes it all the hard work worth it. Nearly every year we have some hurdle to over come to keep the event going but its worth fighting for when you see the amount of people coming back year after year supporting the event. Last year 523 vehicles attended not bad for a little country town. The entrants are the backbone of the event, while ever they keep supporting the event we will keep it going.

The event will never just be a static show n shine there will always be something going on.

ATTRACTIONS, EVENTS & NOVELTY EVENTS

Friday: SHIFTY GEARS HOT ROD CAFÉ from 6pm till late, Cruise Town, **BBQ**, Music, **Car Art Display**, Custom Free Hand Pin Striping Demonstrations, **Car park session**, & More. Great night to meet other entrants & check out there rides. Lane next to Moruya Nissan & the public car park out the back of Woolworth's. This will be a night to remember. There will be a **Shifty Gear's Choice Award** presented. Shifty Gears Shop has for sale a great range of rock n roll clothing & memorabilia for sale as well as great coffee.
